

# DynaComm® T27 and Web-T27

DynaComm T27 and DynaComm Web-T27 deliver comprehensive and reliable Unisys T27 terminal emulation to 32-bit Windows® users. Providing full terminal support for A-Series mainframe connectivity, the DynaComm T27 products offer feature-rich applications that are powerful, yet easy to use. DynaComm T27 and DynaComm Web-T27 can each be easily installed and configured from a single disk in less than five minutes.

## Network Connectivity

The DynaComm T27 products connect to a Unisys T27 host over any compliant Winsock TCP/IP stack. Using the Winsock interface, they can also be used with PPP or SLIP on a dial-up Internet connection or over a private intranet.

## File Transfer Protocol

DynaComm T27 and DynaComm Web-T27 provide built-in support for the following Unisys host file transfer protocol:

- ❖ Text
